

GROW YOUR BUSINESS IN COMMERCIAL REAL ESTATE WITH GULF COAST CMLS

What is Gulf Coast CMLS?

The Gulf Coast CMLS is a Commercial Multiple Listing Service (CMLS). A CMLS is similar to a traditional residential Multiple Listing Service, but it is built specifically for commercial real estate. It is an online database of all the information and tools a commercial real estate professional needs to be successful.

A CMLS enables a local community of brokers, developers, appraisers, and investors to share information and work together more efficiently. It removes barriers, allowing big and small companies alike to focus their time and money on serving their clients.

Reasons to Join Gulf Coast CMLS

- Create a website or online portfolio for you & your company, and more!

History & Growth

In 2011, the Gulf Coast Commercial Multiple Listing Service was created to better serve agents practicing commercial real estate in the area. Over the years, the system has developed into a notable, high-quality service that assists both the public and commercial real estate agents along the Gulf Coast.

The Gulf Coast CMLS spans 18 counties within Alabama & Florida with six partnering associations:

- Pensacola Association of REALTORS®
- Emerald Coast Association of REALTORS®
- Mobile Area Association of REALTORS®
- Central Panhandle Association of REALTORS®
- Baldwin REALTORS®
- Navarre Area Board of REALTORS®.
